

2.5W G9 LED

Available in a Choice of Colour Temperatures

Ideal Replacement for Halogen G9 Capsule Lamps

An LED replacement for halogen G9 capsule lamps. The high efficiency of this lamp puts it into the top band A++ energy rating. The G9 2.5W has a moulded shell which is similar in appearance to halogen G9 lamps, and is frosted to give a soft light output.

- 220v-240v
- Fits standard G9 fittings
- Excellent energy savings
- 2.5w = 25w halogen
- 30,000 hour average life
- Expected payback time at 8 hours use per day = <6 months

Cost Saving Calculations

	2.5w LED	25w Halogen
Annual running cost based on 8 hours per day usage	£0.88	£8.76
Saving per year based on 15p per k/ph	£7.88	-

RoHS
