

ST64 Spiral Filament Warm White

The Funky Filament 4W & 7W ST64 LED Dimmable range is available in retro light bulb ST64 shape in warm white 1800K in both BC and ES cap. The Funky Filaments lamps are suitable in a plethora of applications, especially for high-quality decorative lighting schemes in bars, hotels and restaurants. They are excellent for creating a funky edge in retail and commercial environments and great on festoons for creating a unique ambience for outdoor events such as weddings, parties and festivals. The funky filament range from Prolite is brilliant for creating themed lighting for special occasions or adding colour to children's bedrooms, play areas or sensory rooms.

- Fully dimmable recommended for use with a V-Pro Dimmer
- Glass envelope
- Average life 25,000 hours
- Switching cycles >13,000
- Operating Voltage: 240V
